 [github.com/iricigor](https://github.com/iricigor)

I am an experienced IT professional with substantial experience in international environments. My passions are automations, clouds, and customer focus.

I have large experience in managing Windows environments and enterprise grade services. I have knowledge of Linux administration, Azure cloud, programming in PowerShell and C#. I have 2+ years' experience in team leader's role managing team of 10 people. I am always eager to learn more. I have good communication skills and client-oriented approach at work. My ability to stay cool in high pressure situations with high amount of personal confidence guarantee my professionalism in every task.

## Recommendations 👍

Ivo Kubita, Software architect at Tieto, Brno, CZ

I would like to thank Igor for his effort and improvements in our team. He adopted new cloud technologies quickly and he was actively driving improvements. He is respected and valuable team player. He has great experience in IT, Networking and Cloud technologies. He is always willing to help other team members and to transfer his knowledge to colleagues.

Paul Pascaru, Enterprise Architect at Cognizant, New York, US

I have worked with Igor for 3 years. He consistently delivers high quality work products, meets the deadlines, and assists his co-workers at every opportunity. Igor is a trustworthy, reliable worker, and I am sure that he will be an excellent asset to any organization.

Jobi Samuel, VM Ware specialist at IBM, Brno, CZ

Igor is a good team leader. He was supporting me in difficult situations by giving valuable guidance, ideas and suggestion when ever and where ever it required.
